Subject: RE: Hunters Point Shipyard Management Check-in

Lawrence and Kim,

Angeles and I were just discussing that, besides the BPRG issue which is being elevated, we don't really have any issues that we need to bring up this time. I am having a call with Thomas in the morning to cover status updates on a few things, including where we are on the air monitoring equipment, the D-1 decision document issue, and FFA schedules. I'm not sure those issues are ripe for this group at the moment.

So we propose cancelling our call, but are happy to keep it if you'd like to discuss anything.

John
